EuroTech Visiting Researcher Programme

Dear Dr. Bing,

It is my great honor and pleasure to inform you about your successful application for the EuroTech Visiting Researcher Programme. In order to increase cooperation between researchers at EuroTech partner universities, especially within EuroTech's Focus Areas Entrepreneurship & Innovation; Additive Manufacturing; AI for Engineering Systems; Health & Bioengineering; Sustainable Society, the EuroTech University Alliance has piloted this programme in 2024.

In order to cover the costs of your stay at EPFL with the duration of 2 weeks in 2024, you have been awarded an amount of up to 2.000,00 € by the TUM Board of Management. Costs are to be claimed as part of a regular business trip, which has to be applied for and settled via the TUM central department for travel expenses. TUM's business travel regulations and procedures apply. Please submit the final accounting, issued by the TUM central department for travel expenses, to the TUM Global and Alumni Office as soon as possible after your visit. Please have also the EuroTech Visiting Researcher Programme 2024 evaluation form filled out after your stay:

<https://forms.monday.com/forms/72260b9991317111382e8f6c1fd02152?r=euc1>

In case of enquiries regarding the programme support, please contact Dominik Beisser at TUM Global & Alumni Office at +49.89.289.25422 or beisser@zv.tum.de.

Your engagement within the frame of the EuroTech University Alliance is highly appreciated and I wish you a fruitful and successful cooperation.

With kind regard

Prof. Dr. Juliane Winkelmann
